4. Talked with Mr. Torgerson in the office of Representative Ancher Nelsen (R., Minn.) who had apparently just finished a telephone conversation with Mr. Hogland of State. He merely wanted to confirm that the Agency would not make comment on a constituent's letter raising the moral issue of the U. S. Government issuing instruments of self-destruction. I affirmed that our policy was to make no comment and I was sure that Mr. Torgerson could see the reasonableness of this position. He agreed entirely and thought he could handle an appropriate letter back to the constituent.
